

The following catalogue is a listing, in no particular order, of the various product lines that we have in our yarn store. Each manufacturer has a listing of the current yarn lines that we have in the store. We will make every effort to bring in other yarn products if it is possible.

Yarns lines marked as (disc) means that the line is discontinued by the manufacturer but the store still has some of the discontinued yarns on the shelves. Once the yarn is completely sold out, the listing will be removed from the catalogue.

Yarn lines marked as ***NEW*** means that it is a new line to our store.

Our intension is to provide yarns and other supplies to knitters, crocheters, weavers, spinners, and people who do tapestry, plastic canvas, monks cloth etc.

We have various needle supplies including knitting, circular, double pointed, crochet, double crochet, circular crochet and bodkin needles.
